Branch Members Enjoy Dinner At Savoy Club

Duda Farms Start Celery Shipments Next Week; Beans Fluctuate

It has been over two years since the north end members of the National Wholesale League of Fresh Fruit and Vegetable Distributors, have held a dinner and business session in Pahokee, so at the invitation of Luke Frazier, the president, the group gathered at the Savoy club dining room for the December meeting, with 20 members and guests present, on Tuesday night, for the customary steak supper.

The members had a lot of matters up for discussion, but the present "market conditions" was one which was taboos for by buyers, packers, growers and railroad men, this is a serious and ticklish question.

The president announced that the local officers along with the chairman of the standing committees, would compose the executive committee for the year 1948.

Other chairman named were: Legislative, James Ball, Jr.; Membership, Roy Jones; Publicity, Frank Anderson; Transportation, Homer Clouse; Conductors, Lester Duncan. Several important matters of vital importance to the Branch, were handed to the Executive committee, to handle.

Treasurer Frank Dooley made his annual report, which was a very good one, which showed funds on hand in a sufficient amount to satisfy the members suggested another Ladies Night party.

Action was taken so that in the future the monthly get-together meetings would alternate between the north and south.

Local Man Is Harvesting Coffee And Pineapples

Holger Lymhough who resides northwest of Chosen, states that he has a plot full of tropical fruits, which are now in bloom or in bearing. Among the collection, are some 24 coffee plants, two of which are in bearing and he has already picked several bushels of coffee for his family use. He has quite a collection of the Cayenne pineapple, which he expects quite a harvest. Strawberries will soon be at the stage, with a very prolific crop, and peanuts, too.

In securing his cuttings of cluses for the Cayennes, he has to ship all over the country, and finally found a discouraged grower, who was willing to sell his entire supply, and he bought. These pineapples are the finest known to the trade, as they are without thorns and spines, and are much easier to handle and harvest, and are of the finest texture and flavor.

Sugar Corporation Experimenting On Sugar Refining

How great is the employment of the U. S. Sugar interest, shown by the fact that the corporation has been given privilege to import around 1500 Jamaican farm workers to aid in its sugar plantation.

From the ranks of the imported workers, employed by the U. S. Okechobee and Falmere corporations, who were due for trip back home after December 1st, the quota granted to stay if they desired, did not fill, so the Immigration officials, have permitted 2700 new ones to come in to work on the plantations of three sugar corporations.

Experiments are now being conducted at the U. S. S. company's plant at Clewiston, along the line of sugar refining, by which it is known as the crystallization process, so that sugar syrup is made into crystal white sugar, going through the "raw sugar" process. It is expected the system will sooner or later be installed in the big grinding mill, and sugar will no longer need to be shipped to Savannah as is done at the present time. The outcome of the experiment is awaited with much interest by the American Cane Cynamid Corp., of New York and the U. S. Sugar Co.

I. E. Hamilton Is Given Promotion To FEC Train Master

I. E. Hamilton, former commercial agent for the FEC in Belle Glade, but who for the past 18 months has been stationed at Lake Wales, following the past week, was given a promotion, that of Train Dispatcher for the division from Ft. Pierce to Haines.

Hamilton will establish his office at the Belle Glade depot, but his family, will for the present continue to live in their residence in Pahokee. Hamilton has been employed in various capacities with the company for the past 24 years.

Lions Meet Their President

Lion's clubs of the east coast have had the honor on Tuesday night, at the home of C. W. Smith, of Ventura, Cal., at a Sunday luncheon at the South Ocean club, at Lake Wales, attended by around 300 men and women. District Deputy President, Frank Roselle, and President, Edw. J. Haines, of Belle Glade; Emmett Roberts of Belle Glade; Raymond J. McCleod, of Clewiston, were in attendance to represent their respective clubs.

Local friends of Mrs. W. M. Sentelle, wife of Rev. Sentelle, have received word of her death at her home in Dunellen, Florida, last Friday, following a short illness. Funeral services were held at the Baptist church on Sunday afternoon, and were presided over by the Dunellen cemetery.

Cane Grinding Is Begun On Monday At Okeelanta

9,000 Tons Of Refined Sugar To Be Produced This Year

The Okeelanta Growers and Processors mill and refinery located six miles south of South Bay just off Road No. 25 began grinding cane Monday morning, with a program which is anticipated will see 18,000 tons of refined sugar produced during the current season, according to Mr. J. B. Garcia-Mendez, vice-president and general manager.

Representing an investment of more than \$4,000,000, the new sugar cooperative has been delayed in its operations due to difficulties in securing machinery and equipment.

A majority of the members of the cooperative are Puerto Ricans whose families have been identified with the sugar industry for many years in this area. The mill itself was moved to this country in 1945 and has been completely re-worked and modernized.

"Florican Crystals" will be the trade name of the refined sugar to be produced. With only 3,000 acres of the 20,000-acre tract, it is anticipated that additional cane will be planted in the next few years. The company already has some foreign labor in the harvest but it is not expected that approximately 100 more field hands will be needed.

Workers Needed For TB Stamp Sales

Volunteers are needed to assist with the selling of tuberculosis Christmas stamps. Tables were set up at the postoffice and bank on Wednesday, and stamps will be sold at these stations from 8 to 4 every day until December 24, and aid from local citizens is being solicited. The local postoffice is the source. The local postoffice will represent a possible layout of from \$60,000 to maybe higher.

New Hugo Theater Auspiciously Opened With "The Yearling"

A planned project which has been under consideration for the past ten years, and which has been the process of construction, was inaugurated last night, full fruition on last Sunday, when the Gold-Dobrow Theater, which was seriously injured by fire, was reopened.

The injured man was removed to the Pahokee hospital where Dr. Graham, gave him medical care. For a time it was feared that the injuries sustained might be fatal, but latest reports indicate that he now has a good chance for recovery.

Harry McDonald Former Resident Dies In Mexico

A pioneer resident and business man of the Glades, Harry McDonald, best known as C. W. McDonald died recently in New Mexico, where he had made a few months earlier for his health.

Mr. McDonald, known throughout the state as a dealer in road building and farm equipment had a brain attack while on time and owned considerable real estate. A native of Ludowici, Ga., Mr. McDonald was a veteran with a DSC for his service with the first world war and was a DSC for his service with the first world war and was a DSC for his service with the first world war.

Membership Drive For R. D. B. Slated

R. D. Bondurant, new membership secretary of the RDB, has announced the opening of a campaign for 1948, with a dinner at the Yacht club, last Friday night, for the Palm Beach group. Other meetings of a like nature will be arranged for other sections of the country.

The RDB is endeavoring to raise \$27,840 to carry on work during the coming year. The organization has a heavy program of activities planned, the prime one being that for the Everglades Flood and Water Control project, and the securing of funds for its use.

General Motors Sets Up Branch Office In Belle Glade

The General Motors Diesel Corporation has established a branch office in Belle Glade and the new business is located at 2428 E. Ave. B.

This branch of the corporation will handle a complete line of General Motors parts for all GM and Buick Diesel engines. In the future the showroom will carry engines and accessories on display.

W. Fitzpatrick, manager of this branch, stated that two of this branch's staff for field service men will be available to make repairs on breakdowns in the field.

State Board Asks Bids for New Farm Pavilion

The State Marketing Board, of which Nathan Mayo, Secretary of Agriculture is the head, has announced that it will receive bids for the construction of a "Live Stock and Exhibition Building" to be erected at the Everglades Experiment Station in Belle Glade.

The project has been under consideration by the Board for the past two years. Local interests complied with the demands of the board in the way of a providing ground for the site of the new combination Pavilion and Auditorium, along with certain monetary requirements.

Dade County Joins Other Counties On Flood Control Project

A special referendum election in Dade County, Tuesday, which brought out a substantial representation of the electors, who voted in favor of the setting up water control and flood protection project, has been initiated.

The proposed conservation area in Dade County is placed at 203,650 acres. Palm Beach, Broward and Dade counties are now in unit agreement on the water conservation program, which would be initiated early in January.

Key West Gets Elks Convention

At the session of Belle Glade Lodge of Elks, Monday night, five candidates for membership were elected, and Exalted Ruler A. E. Kierman announced that there would be initiation work on the evening of December 15th, for a large class of candidates.

G. A. Taylor, placed his resignation as chaplain in the hands of the Exalted Ruler, owing to expected absence from the city, and James Baldwin was named to fill the vacant position.

New Carnival Law Will Have Teeth And High Fees

Seaway System Plans Ready For State Approval

The City Commissioner at the board meeting, Wednesday night, had communication from the engineering firm of Russell and Axon, asking that certain papers be signed to be included in their report to the State Board of Health, when that firm soon presents its plans and specifications and report on the proposed Sanitary Sewerage and Disposal system for Belle Glade, so far phases 1 and 2 of the proposed improvement is concerned.

These plans if approved by the State Board of Health, and they likely will be, binds the city for the engineering fees anticipated amounting to an excess of \$16,000 in addition to the government allowance of a like amount.

When the plans are approved and turned over to the Commission, it will be up to that body what the next step and procedures will be on the long needed municipal improvement. Before any contract for construction can be entered into, a bond election approval will be necessary. When such an election will be called is still undetermined.

Carnivals, if they get into Belle Glade again, will do so under stricter city ordinance requirements and higher fees, as the Solicitor was directed to prepare a new ordinance covering such attractions. The changes will not effect a legitimate circus, Silas Green, or Legion fairs, as the latter is a state incorporated.

Opinion was that the appearance of the carnival here last week, had been very detrimental to business, to work in the industries, beside leaving a lot of negro families, who live without funds on which to live for a short period.

The Commission named Mr. Lloyd and Mr. M. J. Scarborough to make investigation with the contracting firm putting in the Pahokee road, and Mr. J. A. Taylor, of the "Toonerville" road, and several blocks on other streets, before removing their plans from Cardwell to this city.

Scout Round Up Announced For January 9th.

The South Bay Boy Scout Council held its monthly meeting at the Community Methodist church, on the evening of December 4th. At this time the chairman completed the state of committee members having found it necessary to name new unit vacancies.

President Emmett Roberts of the Lion's club, who is sponsoring the proposed new Sea Scout troop, stated that the preliminary papers for the troop will soon be ready for delivery, and that work would be turned over to the Senior Scouts to conduct activities.

Announcement was made that January 9th, at the Legion hall, her been set for the annual round-up for Sea Scout troops, and at this time the Charter for Sea Scout troop would be presented. Last year this round up was a most successful one, and this year it will be staged with a new and larger program.

Receives Word Of Brother's Death

Mrs. Hugh J. Bradley, last week, received notification of the death of her brother, Dr. John Mistr, a retired dentist, of Cleveland, Ohio. Dr. Mistr has been a frequent visitor to Belle Glade, made while on visits with his sister here.

Roos Awarded Contract

The County Board of Public Instruction, on Monday, awarded the contract for building the new Lake Harbor school annex to contractor of Belle Glade. Mr. Roos plans to start work on the new structure shortly after January 1.

Raising Vegetable Plants

Charles Leonard, formerly in the farm machinery business in Belle Glade, is now in the city, recently on a business mission, as well as in West Palm Beach, Ft. Lauderdale, Leonard is now in the seed bed business, and is raising tomato, pepper and tomato plants for growers in Georgia, the Carolinas and new Jersey.

He was fortunate to secure living quarters at the Silver Crest apartment at Winter Haven.

Board To Borrow Money For School Maintenance Work

The Palm Beach County Board of Commissioners at its session Monday, decided that it needed 25 more voting machines to carry out the county voting precincts, and will ask bids on same December 31st. The school board, finds itself confronted with a large program for school maintenance projects, but does not have money to pay for same. That Sheriff John Kirk, senior vice president, will attempt to borrow \$65,000 from outside sources, until such time as the State Control Board releases the money due the county for this purpose.

Duck Season Opens

The duck hunting season opened on Monday at noon, and quite a bevy of local hunters were out on the waters of the Glades.

The legal bag for a day is four ducks, one Canadian goose, four other types of geese, and twenty-five coots.

Returns From Hospital

The C and B Cash Grocery has added a nifty piece of store furniture equipment to its store in the way of a frozen food case. It's the latest design and one of the most attractive to be found in the city.

Mr. Frank J. Goss, who has been in the hospital for an operation, the past two weeks, is again on duty at his bake shop at the C and B store.

Methodist To Have A New Parking Lot

The official board of the Community Methodist church held a business session, Wednesday night. Decision was made to have the vacant church site north of the church made into a commodious parking yard for church attendants.

The board is also having the roof of the main church building re-roofed and other repairs made, due to storm damages sustained in the storms.

Sen. Holland Has Definite Views On Practicality Of Final Overall Plans

Senator Holland's views on the final overall water control plan coincide with those expressed by Col. Teal and other members of the Corps of Engineers in that question of details are subject to consultation with local interest before final decision.

The fact was brought out in a meeting between Senator Holland and Resources Development Board Water Control Committee in Miami on Sunday morning.

"I see no reason at the present time to abandon the very valuable island lands, even though it might cost money to protect them and then more than average maintenance and pumping costs to farm them, goes on, the unusual fertility of these lands and their very great advantage against frost damage, conceivably make them most desirable, but continuing."

"As to the size of the conservation areas," he stated, "that, of course, is an engineering matter, but it seems that the Legislature and the voters in referendums have made provision as is practicable at present. Then too, we do not have too much good lands and it seems far sighted not to doom good lands to oblivion by inclusion in this conservation area—at least not more than is absolutely necessary."

Sheriff John Kirk New Master Of Masonic Lodge

The annual election of officers of Belle Glade Lodge, No. 271, F. & A. M., was held on Tuesday night, with an excellent attendance present to participate in this important lodge procedure. The result of these chosen to serve during the year 1948 were: Worshipful Master, Sheriff John Kirk, senior vice president, L. E. Will; junior warder, Jack Royals; treasurer, A. E. Kierman; secretary, William McWhorter. The new Master will have his chair appointments on the night of installation, which has been tentatively set for Tuesday night, December 30.

The new Master, since he began to ascend the official ladder, has been a very attentive attendant, missing very few meetings, those due to be in of the county on official business. He has also been an excellent in conferring his portion of the degree.

Rosa Manga Becomes U. S. Citizen

Mrs. Rosa Manga a long time resident of Belle Glade was among those to receive final certificate of citizenship in the week in West Palm Beach. Mrs. Manga attended the Kiwanis luncheon on Wednesday evening that new citizens be authorized, but not appropriated. With a recommendation from the engineers and the State that this is needed, there are hopes that this will be allowed at an early date. The U. S. Engineers will discontinue this money.

There is a companion bill by Florida's senators to one of Congressman Roger for \$5,000 for relief in Florida, with no details as to how the use. Hearings must be had on (Continued on Page 2)

OBSERVATION And Comment By John M. Gledhill

No one can deny the fact that football is the leading sport of the fall season in the Glades. The way the fans of Belle Glade and Pahokee turn out to support them is amazing. The two towns do have good teams. Thorough support and good sportsmanlike like contest are the rule. The Lion's clubs of the two towns have done much to the football. This inter-city fraternal feeling should be commended for their excellent work, during the season, in the serving of banquets for the teams.

BEVERLY HUGHES BRIDE OF STEVE A. ROBERTS

In a candle light setting of white gladioli and palms, Mrs. Beverly Hughes, daughter of Lawrence Hughes, became the bride of Steve A. Roberts, son of Mr. and Mrs. S. A. Roberts, Sunday afternoon in the Baptist Church, the Rev. J. E. Enloe conducting the double ring ceremony.

The traditional wedding march was played by Mrs. Mary Eleanor Kidder, organist, and she accompanied Miss Donna Lee Bowman who sang "Because" and "I Love You Truly."

The bride, given in marriage by her father, wore a gown of white duchesse satin with fitted sleeves and long sleeves pointed at the wrist. The yoke was of lace edged with seed pearls, and the bouffant skirt extended in a full length train. Her long, tip veil of illusion was attached to a tiara of pearls, and she carried a white satin prayer book topped with orchids and showered with satin streamers.

(Continued From Page 1)
section cities, on the second Tuesday of the month. Fletcher Cochran of New York, and A. E. McCabe, in lieu of a regular speaker, proved apt story tellers.

Manager Sam Knight, of the Duda Farms, stated that he cut his first shipment of the Golden Dwarf variety, on Thursday, and that it was of a very excellent quality. Regular cutting and shipping will be inaugurated the coming week.

Everyone was up in the air the past week over the fluctuating market from day to day. One day up, next day a decline, and so on one hardly knew where they were at in the game. Some beans went under the \$2 mark, and the highest not in excess of \$5.00 for the fancy varieties. Some beans were not even picked, as there was no profit in doing so. Buyers for canneries and quick freeze plants were on hand and brought quite liberally, most of such going to Winter Haven, Okeechobee and points north,

shipment going by truck. Up in Highlands county, there is a rich agricultural section, which produces fine winter vegetables, but a bit later than in the Everglades section, with Lake Istokopka, as the center. These farmers are having flood and drainage troubles along with the Glades, and the Highlands County Flood Control Committee has been doing much consultation, and are planning on doing something about correcting and improving conditions. The plans submitted consist of extending and cleaning out prevailing canals, addition of new ones, providing means by spillways and dams to regulate the levels and discharge in the lakes, and that a big outlet drainage canal be constructed from the Kissimmee river to the Indian river on the east coast.

The project also includes the cleaning out and improving and channeling and banking of the Fishcreek creek section, where damaging flood waters exist several times a season. Like attention to be given to Arbuckle Lake.

Indications are that the Florida Pure Food Corporation, which owns the Belle Glade Canning plant, will not open the plant this year for canning surplus produce. As a result, there is a movement being started to form a local Co-operative Group, to take over the same and operate it, if such a lease can be worked out. There is too much good produce here this season, which could be processed, if there was a plant to perform that work.

Any one who may be interested in the new promotion and sales information, can secure same from Assistant County Agent H. L. Speer, in the Sanders block. A group meeting is likely to be held the coming week.

The bean market in the Glades area has been very poor and weak, the past week prices ranging from \$2 to \$3.85 per hamper. There were a few shipments of quality beans sold and shipped, but many of the offering went to canners and quick freeze buyers, and quite a quantity of offering went unsold.

New Farmers Co-Op Hears Encouraging Report From Officers

I. L. Price president of the newly formed Belle Glade Farmers Co-Operative, made a report to the membership Wednesday night following a supper served in the offices of the organization, in the Raoul packing house.

"Despite the flooded conditions of area and the fact that this is our first activity," said Mr. Price, "our balance sheet shows a net profit to the organization." The feeling of the members was disclosed in a resolution in

commendation to the officers and the McCabe organization, for management and sales. There was practically a full membership in attendance and great interest was shown by free and full discussions.

the cost would come out of city funds and by volunteer assessment against properties. It is one of those maybe propositions. Along public safety lines, several places were pointed out where traffic dangers existed, one of these was the loading and unloading of children at the Grammar school. Mayor Lloyd stated he would assign his guard officer to watch ever location PTA desired. Caution lights and stop signs will be placed in several locations in the Packing house center section. A permit was granted to Bailey and Yeomans, of Wauchula, to operate three taxi-

cabs out of the Amoco station stand, which they have leased. Other taximen objected, but the commission unanimously expressed itself that the commission should not set up a monopoly for any one, but that the field should be open to all, provided ordinances requirements were met, the operators to take their own chances on making their business a financial success.

Elks Lodge Has Observation Of Its Lodge Of Sorrows

Belle Glade Lodge, No. 4716, BPOE, on Sunday, in common with all lodges in the U. S. and Canada, gathered for the observance of the annual Lodge of Sorrows, which services were attended by only a fair sized audience. However, the ceremonies conducted in memory of the deceased members of the lodge, locally, and generally, were of a very impressive nature. Flowers were placed upon the center altar in memory of the late Dr. Robert Lee Kings, of the local lodge. Mrs. J. A. Murphy presided at the piano, playing the hymns used, as well as well as several special selections.

Exalted Ruler A. E. Kirshman presided, assisted by Lon Betner, Sam Berry, Tommy Parker, H. O. Laroche, James Baldwin, and Fred Simmons in the chairs.

The memorial address of the occasion was given by Dr. John Leonard, of West Palm Beach, superintendent of Public Instruction, took as his subject "The Immortality of the Human Soul". His talk was short but very impressive and appropriate for the hour.

Rebekahs Elect Officers

Belle Rebekah Lodge, No. 21, I. O. O. F., in December 2nd, held its annual election of officers, resulting as follows: Noble Grand, Miss Sarah Dicks; vice-grand, Mrs. Lorraine McTaggart; recording secretary, Miss Kathleen Rogers; financial secretary, Mrs. Thelma Davidson; treasurer, Mrs. Jessie Leathers; past noble grand, Mrs. Alice Robertson. These officers will be installed after the New Year.

Action was taken for the holding of an Anniversary celebration on the evening of December 15th, which will take on the form of a Christmas and Anniversary program event, to be followed by a family dinner at the close of a short business session. It was announced that Harry Schuge, who has long been laid up with a broken collar bone, is to return to the hospital, to have some rest.

Church Officers Introduced To Congregation

At the conclusion of the preaching services at the Community Methodist church, last Sunday, Rev. L. F. Vandewater, introduced a plethoric innovation, in which he introduced the family personnel of the leaders on all the departments of the church work; members of the official board, the Sunday school, W. S. S. S. and the Youth Fellowship group, some 75 in all. He did this to let the entire congregation know and see those on whom the work of the church depended. A short reorganization program was observed.

Pahoek Masons Elects New Corps Of Officers

Everglades Lodge, F. and A. M., which had functioned in Pahoek for a quarter of a century, the original lodge of the Glades, last week, entertained a number of visitors and also the members of the lodge. The annual election of officers was held resulting in the selection of the following main officers: Worshipful Master, A. R. Harrington; senior warden, Perry Hall; junior warden, Frank Gillis; secretary, S. J. Baggett; treasurer, V. C. Denton. The new Master, is a brother of the late John R. Harrington, who also served Everglades lodge as its master.

New Disease Is Threatening Squash In Eastcoast Area

Farmers over on the Range Line and Military Trail discovered that their squash plants have been hit by some new strange pest, which caused them to wilt and die. The matter was taken up with County Agent "Red" Mounds, and after personal investigation, he admitted that he was "stumped". Specimens of the plants were brought to the Experiment Station laboratories for analysis, to determine what the disease might be. Farmers see a serious new threat to the already well progressed crop.

Urges Seal Support

Douglas Fairbanks, popular movie star, urges nation-wide support of the 1947 Christmas Seal Sale which will be conducted Nov. 21 to Dec. 25. Fairbanks stars in the Christmas Seal trailer which will be shown in motion picture theatres throughout the country during the campaign. Funds raised from the sale of Christmas Seals will be used to support the tuberculosis control work of the 2,600 associations affiliated with the National Tuberculosis Association.

Lair Field, handy to school, where they could be more generally used in the school athletic program.

Pahoek Electors Favor New Hospital

Pahoek electors held a special election, under a state law referendum, December 1st, in relation to a new hospital there, and in the proposition the vote stood 212 to 4. This does not mean that the city expects to operate its own hospital, but is to get the authority to go forward to secure a new hospital and its equipment, which will be built under the Western Palm Beach county Hospital District management.

The city is now in position to make application to the Federal government, for an appropriation.

lation with which to erect and construct the proposed new hospital structure.

The Hospital Association still holds a lease on the building it has used for ten years or more, but which expires next September, but which it likely will not renew.

Pahoek people feel that their section is entitled to a hospital some what comparative to the one at Belle Glade, formerly the Migrant hospital, which was presented to the district by a generous government.

Sales Lag

Robert Sprout, son of County Tax Collector Sprout, is in charge of the Belle Glade and Pahoek auto license bureaus this year. He states that the demand for tags in the Glades has been slow, with around 300 tags issued here and around 150 at Pahoek. He urges all owners of fleets of cars to get their credentials in early, to avoid the customary rush at the close of the season which comes on January 15th.

ATTENTION FARMERS

"GAMTOX", the new organic insecticide which has received wide spread use and acclaim in the State of Florida this past season, is a product pioneered since 1944 by the California Spray Chemical Corporation.

It is interesting to note that South Florida growers were the first to recognize the outstanding merits of "GAMTOX". Since that time growers in other parts of the country have followed their lead and the use of "GAMTOX" is now very popular.

The active ingredient contained in "GAMTOX" to which its major killing power is attributed is known as gamma isomer of Benzene Hexachloride, more commonly referred to as BHC.

"GAMTOX" is a three way killer, as a fumigant, as a stomach poison, and as a contact insecticide.

To agricultural crops, "GAMTOX" is applied in the form of spray, dust bait and combination with fertilizer.

"GAMTOX" has been very successfully and enthusiastically used by a large number of growers, over a wide range of plants such as, celery, cabbage, tomatoes, peppers, lettuce, spinach, broccoli, cauliflower, eggplant, etc.

A number of Florida Growers successfully controlled bud worms in the pre-growing stage of corn. Its use is not recommended for the control of worms on corn in the ear stage.

Due to liability of plant toxicity and off flavor absorption, the use of "GAMTOX" is not recommended cucurbits, and various root and tuber crops including potatoes, beans, carrots, beets, etc.

"GAMTOX" is highly effective against a rather wide range of pests commonly found in South Florida, these include aphids, many caterpillars, thrips, mole crickets, grasshoppers, stink bugs, weevils, chinch bugs, etc.

Reasonable supplies of "GAMTOX" were available for use commercially during last vegetable growing season in Florida and this year the supply will be adequate to meet the needs of Florida growers.

To insure quality, be sure, the name "GAMTOX" is on each bag, accept NO SUBSTITUTE.

We buy technicians from manufacturers, who will work directly with the farmer. See us for information.
